

# Mixed League Rules 2017-18

## Games:

- There will be one draw starting at 7:00pm each Thursday night. Each night a different team will be on bar duty. Please do not neglect your bar duties! Our league works by committee. We really appreciate the help, and our drinking depends on each of you!
- Games start with a coin flip.
- All games will be 8 ends maximum. If there is a tie, skip stones will decide the game....unless both teams agree to play another end.
- Mixed teams should have the skip and third be of opposite sex when possible. A deviation this rule can be discussed and agreed upon by the skips before each game.
- The winning team cleans the ice after every game.
- Teams will mark up their own wins and losses on the score sheet.
- Playoffs will consist on 3 pools of 4 teams. Each team will play each other twice to determine the champions. Winners' payout will be decided at a later time.

## Bar Duties:

The schedule will show which team is responsible for running the bar and selling 50/50 tickets. A checklist/instruction sheet on how to run the bar is behind the bar.

- Bartending starts as soon as your game is completed
- Bartenders will coordinate the 50/50 draw
- If for some reason your team is unable to complete your bar duties as scheduled, please find another team to switch with and mark it up on the schedule

## Volunteer Hours:

- Curlers are expected to provide at least five hours of volunteer time throughout the season. Volunteer opportunities will be posted upstairs at the curling club.
- Bunny Bonspiel - Every registered team will be required to provide 4 hours in support of the Bunny (either before or during). For example, one team member can work all 4 hours or each of the 4 team members can work 1 hour each.

- The Curling Club has a Casino night this year. Dates, details and opportunities to volunteer will come later in the season.
